**bizhub quality  
NOW IN A4!**

**bizhub c35**

Small but...

**MIGHTY!**

...introducing our **star performer!**

At Konica Minolta we've been developing multi-award winning colour MFPs (print/fax/scan) year after year and are renowned for setting the benchmark in quality, efficiency, affordability and data security whilst consistently reducing our carbon footprint.

We appreciate that not every customer needs to print in A3 and that's why we have developed the bizhub C35. **All of our colour expertise, but for A4 only!**

Go on, we're sure you'll be **mightily impressed!**
